HOLIDAY PARTY

There has been some discussion about a Holiday Party, but no decision has yet been made. The party would probably be held earlier rather than later in December. So far only three people have expressed interest in this event.

POTENTIAL TOPICS FOR SHORT PRESENTATIONS

1. Antennas
2. How to help with a public service or emergency event (what to expect)
3. Review of FCC regulations, especially third-party traffic.
4. Software Defined Radios (SDR)
5. Contest operating
6. Available repeaters
7. Educational projects (home experiments)
8. Computers and programs for communications
9. Mobile operations and installation
10. Portable operations
11. Current propagation conditions
12. Have club members describe their current interests, their capabilities, their equipment (especially antennas), etc. This may give new members ideas and possibly foster assistance/collaboration.
13. A round table discussion of antennas - what works, what did not work well, what to do differently, etc.

If you have any suggestions for additions to this list, or wish to give a presentation on any of the above topics, please contact Janice.
